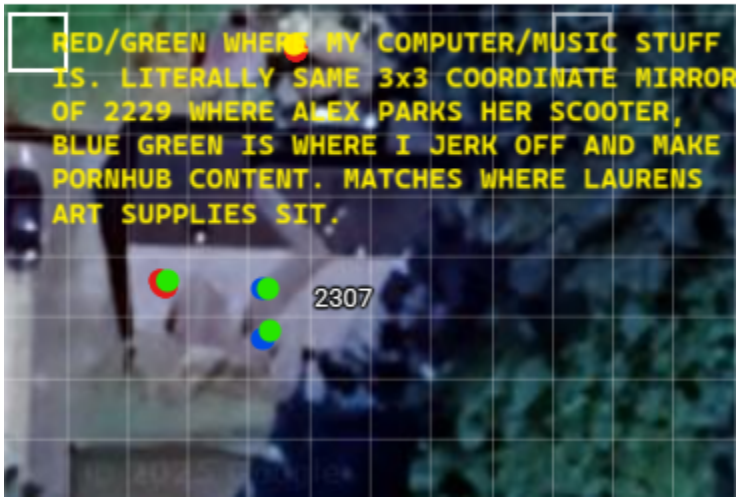
(RED/GREEN ALEXS PARKING SPOT, WHERE SHE CONTSTANTLY WORKS ON HER SCOOTER, SAME SPOT WHERE I WOULD BE AT MY COMPUTER, WORKING ON MUSIC. OR ARGUING WITH TWITCH)
BLUE/GREEN - WHERE LAURENS ART SUPPLIES AND DESK ARE WHERE SHE "DOES HER ART" MIRRORS WHERE I WOULD BE INSIDE MY GREENROOM DOING MY "ART". SHE COPIES TATTOO IDEAS. THESE PEOPLE ARE INSANE.
1. 2229 has to be horizontally mirrored. rotate CCW to match.
(This is horizonatally mirrored.



RED/GREEN WHERE MY COMPUTER/MUSIC STUFF IS. LITERALLY SAME 3x3 COORDINATE MIRROR OF 2229 WHERE ALEX PARKS HER SCOOTER, BLUE GREEN IS WHERE I JERK OFF AND MAKE PORNHUB CONTENT. MATCHES WHERE LAURENS ART SUPPLIES SIT.

A quick visual explanation of just how creepy these girls are with their stalker shit. To mirror the way things in in my identically shaped house… ontop of making sure garbage matches by having the same beverages in their fridge because people dig thru my garbage, i know this because private things i wrote about in a journal that i threw out have resurfaced. Theyve even take on a last name alias thats very similar to a popular/famous person.

Where I am like Yankovich to weird al yankovic
they are trahan like ryan trehan who is a youtuber.
But i also see now if u flip the h it turns to travan in a way. Like treyvaughn martin.
Always with the race shit.

Not only are they doing things to copy, but it looks like they are in the “framing” business…They spend a lot of time manufacturing things – considering the father works for a company that makes “WHITE OUT”, Mom supposedly had a job working with the govt.  I know alex and lauren have me hacked to death and can hear and follow every fucking word. But Theres concern because lauren is supposedly a mother to a 9 year old black girl. And the things they try to convince me they are setting me up to be framed for. Or i don’t think they even care who they are framing, they just kinda keep people running around in circles because someone is buying time. Like diddy until the vanishing of a bunch of young school girls. This planet is all fucked up. And i’ll be the one who ends up dead. My friends brother who is maybe in the middle of his college years, is having a girl practically live in the house when i know i saw her get off a bus from highschool the one day. Like with their hacking capabilities, the fact that they see and hear everything i do and they could do that to a girl still in highschool and remotely spread that shit to anyone she goes around with a cellphone? It sounds like they sit around watching a lot of underage girls, creating this content that they probably sell to make money but set up accounts to mirror other people like the keanu reeves bullshit.

Below is also an unsolved murder case that i have tried to get the attention of law enforcement considering the obvious connections I have made…I have no hope because i am entirely blacklisted and sequestered on a bullshit gov jail internet.
Pictures are of under a bridge on stilesboro rd, parking lot markigngs behind duck donuts not far from the bridge. The screen grab features what i am very certain is a portion of wall from the manufacturing plant i used to work at. The style and hand writing of the graffiti is a obviously from the same hands. And the fact that i know these locations is pretty important.

(tenant) 10ant Loan-T teen ant – teen ant would be a teenager who would go out, and get sugar to bring back to the queen. Which would be maxs teen girlfriend in highschool…
